

**REQUEST FOR WATER SERVICE
CANDLEWOOD KNOLLS WATER SYSTEM**

I am formally requesting to become a subscriber to the Candlewood Knolls Community Water System. My house currently has a private well that I will be abandoning. At this time, I request a curb box (tee) to be located off the main in front of our house at a location determined by the CK maintenance staff.

I acknowledge the following:

(a) I am aware of the new subscriber hookup fee (\$7200 due now if the property has no tee connection) or (\$4250 total if you have pre-purchased a virtual tee. The \$1000 virtual tee deposit reduces fees due now to \$3250) or (\$1940 if an existing tee is already in place).

(b) I am aware that it is my responsibility to have my own plumbing contractor install piping from the curb box tee connection to my residence.

(c) I am aware this connection must be observed and approved by the Candlewood Knolls Water System Operator.

(d) I am aware if the main does not extend to my residence I may be responsible for additional costs to extend the main, and I may request a quote from the CK Water Authority for such costs, if any.

(e) I am aware that I must isolate and have physical separation of all existing well piping from the new service and that I will allow CK Water Authority personnel to verify this prior to commencement of the CK water service.

(f) I am aware of the annual service contract water usage costs which are in addition to the above fees. I agree to make payments, execute the annual service contract, and meet all requirements indicated above prior to commencement of water service.

(g) I agree not to hook an automatic irrigation system to the CK Water System.

(h) I have received a copy of the Rules & Regulations governing the CK Water System.

CK Property Owner: _____ (please print)

CK Address (where requesting service connection) _____

Please select option: Virtual tee already purchased _____
No tee installed _____
Existing Tee installed _____
